“ Sending love from Patricia Wood - childhood friend of Hildreth. Pat named her son Spencer after Hildreth. They were friends for 91 years - such a tribute to them both.

“ Hildreth’s father, Dr. James Spencer, was my piano instructor, and the Spencers became very good friends of my family. My folks and I built a music studio on Lake Adrian for her father and after his death, Hildreth remained a good friend, who reached out to me as a great comfort when my mother passed. Hildreth’s sharp wit, frank opinions, and penchant for “not suffering fools gladly” made her a character of renown. Her dedication to her causes, especially animals, was well known and appreciated. Hers was a life of intensity and purpose. She did not leave a family, but she left us all something more. Requiescas in pace, amica mea.

“ Hildreth will be greatly missed and I am thankful that our paths crossed many years ago and appreciate the animal advocate that she displayed in so many ways. I will miss baking her holiday goodies and will never forget her kindness.

“ Hildreth's and my parents were good friends and the Spencers were frequent guests at our cottage on Sand Lake where I took Hildreth in our motor boat on rides around the lake. I was perhaps one of her oldest friends in Adrian. She was about 12 years old then.

“ What an amazing woman, with an incredible mind, a huge heart and much compassion for animals. Gone but never forgotten.
