“ *Alice was a very special person, she made our day when she came to see us. She had a story to tell every time, or she liked to tell us what she had to get done for the week, she definaitely put a smile on our faces when she came to the office. She was one we could shoot the breeze with and laugh about what we / or she use to do when she was younger.*

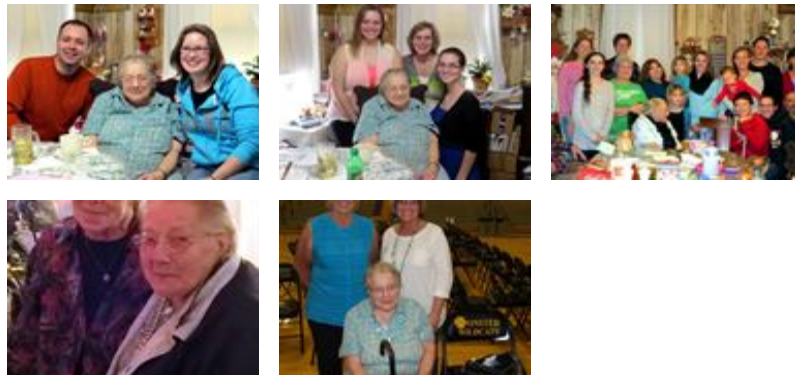

*Our thoughts go out to you at this very sad time, our comfort is that you are such a close family and will all be there for each other.*

*With our warmest condolences,  
Dr. Tracy Brady and staff*
