SO

*Aunt Arlene will always hold a special place in my heart through all of the happy memories we shared. Many of my childhood memories include her-she was always there for us & provided special attention. Her love of dolls showed in my collection as a child-as I had many. Story reading time was a special time as well & will never be forgotten! When it was time for me to have my daughters-she was always available to help with babysitting or whatever was needed. She loved little children but did not have the opportunity to have her own. She would have been an excellent Mother--just as she was an excellent Aunt whose memories I cherish. Missing you Aunt Arlene-but knowing you are with your family now gives us peace. LOVE YOU!*
