“ *I miss my "aunt Aud." Memories of her warmth and spirit reach back to my childhood visits to Rockford. Her late husband and my Dad were old Army buddies. She had a ready smile, and could laugh in the best way. She knew how to enjoy living, and now I trust she is really living without any interruptions to her joy. God bless her memory, and may the Lord comfort her family.##imported-begin##Tim Squire##imported-end##*

“ *Diane and family,  
I was surprised to read of your mothers passing. I have thought of her often and wanted to get up to visit her again last summer, but I don't know where the time went.  
She was such a joy to have meant and we had lots of great conversations together. Shared our various travel experiences etc.  
Our sincerest sympathy to all.
