“ Dear Aunt Bert. Not only was she the matriarch to her own family but she served as a surrogate matriarch to her brothers' children after he passed at a very young age. She was their link to their father. And so, as an 'outsider' I feel very privileged to have known her...as all the other members of my husband's family, of her generation had already passed when I joined the family in 2005. We will miss her dearly.

“ My aunt Bert was known all over town because of her sweet demeanor and her baking skills. You have never had a great pie unless you had hers. They were as amazing as she was. She will be forever in our hearts.
