“ *Dan and Linda:*

We are so sorry to hear about the passing of your Mother, Beverly. Having never really met her, it is easy to tell from the obituary and tributes that she was a very impressive lady with a great smile that was a constant. I can certainly see the resemblance, Dan. I am certain that Beverly brought great joy into your and Linda's lives as well as all the children and grandchildren. Our hope is that you will hold that joy close and that the memories that bring tears today will soon become treasured reminders of that great joy and peace and once again bring a smile to your face.

With deepest sympathies,

“ *I don't have many pictures of my Auntie Bev but my Grandpa gave me some home movies that he took from the 40's. I think she was about 16 at the time they were taken. I hope it turned out. I don't think she ever lost that smile.*
