“ Chris was a great person. I have had the pleasure of knowing him since pre-school. He always had a smile or laugh to greet you and was genuinely concerned/ interested in others. Hearing of his death has taken me back to many good memories growing up with him and somehow staying out of trouble. My thoughts and prayers are with the Howard family.

“ Chris is one of the main reasons I loved working at Siena. We enjoyed coffee together in the mornings and putting puzzles together on the slow afternoons. I've rarely met someone so open and warm. He helped me through hard times and shared his with me. He had a better attention span for puzzles than I did, so I always made sure to steal one piece so I could "help" him finish his puzzle when he got stuck. He had a great laugh. I consider him a good friend, wish I had spent more time with him, and will miss him.

“ In the three years I worked at Siena Heights my favorite memory is the location of my office- I taught in the humanities division but was in the tiny office suite, off the Academic Services conference room. Christian was my neighbor. We talked about everything from Michigan history to mushroom hunting to helping students who were struggling academically. When I need a colleague he was always there to talk and offer advice.

“ *I remember when we first met, I was a student at Adrian College and I had Dr. Fechner for a history class (you were his aide). I was doing miserably - getting a "D" in the class - until you reach out and offered a suggestion on how to study for Dr. Fechner's tests! You were a great friend to both George and me and we were blessed to have you and your family in our lives. You were funny and compassionate when we needed it the most. You've made an indelible mark on the community and are an inspiration to all who know you! You taught us to pioneer on regardless of circumstance and to always to have faith in ourselves and what we believe in. May you RIP, Chris! Prayers blessings to your family!*
