“ I remember Mr Butler as a principle, he was well dressed, professional, strict disciplinarian, stands to reason with his military background. He was well mannered, soft spoken, well thought of and RESPECTED. When I had to see him for disciplinary reasons, it was deserved and his discipline was fair. Prayers for his family and loved ones.

When I was a kid, my mom (Sharron M. Muhn) and I lived in Adrian, Mi. My favorite place to go was always Aunt Rhea and Uncle Dicks. After moving away to California with Mom and my new step dad Harold W. Hall, I missed those days at my aunt and uncle's house. But we went back there for my Grandparents 50th wedding anniversary some years later and all the joy came back to me. As I reflect on my childhood, that's one of the greatest moments of my life. All my relatives were there and lots of their friends. I had the most fun being with everyone at that event. And it's the best memory from then. I love you Uncle and Aunt Rhea. I will see you again someday. John L. Hall

“ *As a member of the Sand Creek Class of '66, we had a special relationship with Mr. Butler. Science, of course, but as one of our class advisors. A special person, along with his wife, in our lives.*

I also got to spend some time with him at the retirement home, where my mother also resided for a while.

Rest in peace sir!

“ Richard was like family to me. He was always willing to help when needed. He served on resident council at Brookdale as president, helped me start a men's group, and veterans gathering. He planted flowers all over the community and fed birds even by the community dining room so residents could enjoy them. I was happy to arrange his and Rheas 70th wedding anniversary surprise parade because it was during covid many church members held signs as they passed by! They were both celebrated in local papers and television for their many years of marriage. I will remember you my dear friend every time I feed my birds or plant flowers you will be remembered but mainly for your deep faith in God we shared many stories prayers for you dear Rhea and Jerry

“ A true man of God, if anyone was example of Jesus it was Richard. Always a smile , a positive word and of course a joke or a story. Always a strong compassion for others and wanting to help them. He didn't let much slow him down even at being over 90, he was active where he and Rhea lived. He loved his flowers and we enjoyed reading his letters that he sent out talking about their activities, the birds that came around and gardening he did. He will be missed and left a great legacy for all to remember. David Bowles
