“ *Dear Loveland family,*

I am deeply sorry to hear of Danny's passing. While I only knew Danny for a short while when I was at Brazeway, I felt like he was truly a friend for life. Danny spent a lot of time with us starting up the plant in Iowa. Being new to Brazeway he made us all feel like we were a part of the family. When things did not go well and we would get frustrated Danny never got down. He would just smile and help us work through the problems. After I left Brazeway, Danny would send me an e-mail once or twice a year. I got great pleasure in hearing from him and getting caught up.

I think Danny's comments when he was selected as employee of the year showed his true character. He was always so humble and gave all the credit to those around him.

*Our thoughts and prayers are with you in this time of loss.

“ Dear Loveland Family,
I look back at my times with Danny and am so appreciative of the time we worked together. He had all the qualities of a great family man, loving, loyal, supportive, and a great colleague, intelligent, dedicated, humble, and sincere. Everyone wanted to be around Danny because he was so creative and always used humor when things were not going as well as we wanted. He was so respected by his peers and always wanted to help others.

I learned many things working with Danny, but two things will always stick with me. His complete love of his family and his dedication to work. I'll miss Danny dearly and take with me his philosophy to love all things, live each day fully, and to give more than you receive.

*With Sinceret Sympathy,
