“ *Lance: I don't know if you remember me from many years ago but your mother & I did volunteer work at the school when you and my children were young. I was so saddened when I heard of your mother's passing, she was such a kind and compassionate person. Whenever I ran into her she had such a contagious smile and we would visit for a few moments and it was like we had just seen each other, even though it had been some time between.*

*I know she was so proud of you and the two of you had a very special relationship. I know right now you probably don't want to think of your life without her but I'm sure you have many wonderful memories that you'll cherish and will be there to help you through this terrible void.*

*My thoughts and prayers are with you, Tracy and your extended family.*

*God Bless,*
