“ *Woke up this morning with Dustin on my mind for some reason and felt I should share somehow. I am halfway around the world (Netherlands) and never met him in person but spend many hours online playing aoe with him over 15 years ago now. While many people of that era has long slipped my mind, Dustin made a lasting impression due to his personality, truly a loss..*

“ I remember spending weeks at a time during the summers at the house growing up with Dustin. We would just hang out play sports. We would walk into town and stop at the video store and rent a couple games (usually NCAA football and basketball) and then stop out at the store to get a sub before heading back to the house. Then later Aunt Becky would let us get pizza always pepperoni and banana peppers. Then watch sports center in the mornings. I could keep going cause there's many more stories of things we did but the bottom line is no matter what I always had his back on everything. Dustin was more than just my little Cousin he was my brother! Until I see you again my brother Rest In Peace. To my sweet Aunt Becky I love you and him with everything I have and I will be up there as soon as I can.
