“ Rod and Family: May you have peace in knowing that you took such wonderful care of your mother. I know that you have made sacrifices for her to not be alone. That will bring you much comfort in the future, in your memories of your time with your mother. Although she may not have been able to express it, the comfort you gave her was worth a million dollars. You can now know that she is truly at peace, and you can feel very wonderful about your role in that. God Bless you Rod.

“ I wish I had the right words to say to you Rod and Veronica, but how do you say thank you for all you did for your mom. When times got tough you got tougher, being the voice for your mom, making sure her wishes were carried out. You two gave her love, respect, and made her last days with you wonderful. Ellen was a great lady, and I am glad I met her, and could call her friend. May God bless you both. Remember, that God in his alltime wisdom, called upon you to care for her, because he knew she would always be in good hands.##imported-begin##Dora J. Black##imported-end##
