“ I remember Aunt Alice and Uncle Elmer coming to pick us up and take us to Church frequently when we were kids (they knew us better than we thought). I also remember spending time with them in Alabama in the summer during the Tecumseh Products Shutdown. Both Aunt Alice and Uncle Elmer were people of the highest caliber. Really honest, good people. She was a really gentle person and kind hearted soul, sorry to here she is gone but I am sure Elmer and Alice are back together again. . . Hopefully she caught up with my Mom right away as well.

“ To the Bohannon family our prayers go out to each and everyone of you. Alice and I worked together at Ottawa Machine for over 17 years. My family moved to Henderson Nevada due to health problems even though we were 2000 miles away I called. We laughed and shared memories of good old days. One was when she got locked in the bathroom at work I thought she was having a heart attack she never liked to be in closed places. One other time was when she bought a Black Lincoln she was on her way to work and the gas peddle stuck the car was going at a high speed. Thank god it started to slow down by the time she got to work her nerves were shot. It was years later we would talk about all bad times and just laugh. Love and miss my best friend we will meet again. Thought the family might want to read some of the things their mom did while working.  
Love you Alice
