“ *Aunt Fay was a very special and inspirational woman. I will miss our visits on the phone and spending time together. I agree with David when expressing my sorrow for losing her he stated "We know right where to find her, she's not lost!"
Aunt Fay I hope to see you some bright day!

“ Hello to all of Fays family and my most heart felt condolences to all of you.
From the first time of meeting Fay and O.K. Sondra and I always enjoyed visiting with them. When we were in Adrian in the early 80'S I would take my breaks at the care facility just so i could take a short break to visit with O.k. all those many times were most enjoyable as well as the times with the both of them. I do wish you all well.

“ I only got to spend one day with Fay. What a joy that was. She not only made you feel at ease but made you feel you were part of her family. Her excitement was infectious and her clarity of mind was unbelievable. She told me of events and people in my family from 60 and 70 years ago as if they had happened yesterday. I will mourn, but not for Fay. It will be a selfish mourn that I will not have another day with this wonderful lady. Thank you, Fay. I can only imagine all the people that you have had a positive influence on, one day at a time.##imported-begin##Ronnie Morton##imported-end##

“ Mom, we are going to miss you. You were our rock and a great woman of quiet, sound faith in our Lord. You left us quietly and peacefully, just as you lived among us. Thanks for going to wish Dad a "Happy Father's Day" for us. Enjoy your "party" with Jesus. We love you, Brenda & Bryston##imported-begin##Brenda Fay Morton##imported-end##

“ Mom,

In your living you made the hard times easier for all of us kids. We are not surprised that in your dying you also made the hard times easier; no convalescent home, hospice, etc. I think you wanted to spend this Father's Day with our dad, OK Morton. Thanks for instilling in all us kids your faith in the L-rd. "To live is Christ, to die is gain."###imported-begin##Bernie Gerald Morton##imported-end##
