“ *Mr. Roesch was my favorite Teacher at Tecumseh High School in 1986. He was so kind and caring which was a stark contrast to the other Social Studies teacher. I would see him in the halls, or even in town in Tecumseh, and even though I was just one of thousands of students who had him for social studies their senior year, he remembered me and would call me by name. I lost my Grandfather very young and I always dreamed that maybe my Grandfather would have been just like Mr. Roesch. He took time to make a connection with each and every one of his students and they couldn't help themselves from connecting with him, even if they didn't want to be there. He never had a bad day and he made you want to be a better person. I truly believe he touched the lives of every student that knew him. The world was a little smaller when you were in his classroom. I can't imagine how much his loved ones will miss him because he was so special to me at a time in my life when I needed a teacher to tell me I was going to shake out ok someday. Comfort and Peace for his loved ones this first Christmas without him. He was one in a million.*

“ I'm saddened to hear about the passing of Mr. Roesch. He was one of my favorite teachers in highschool, back in the mid 80's. Always willing to listen and explain about a question I'd have about the subject matter in class.

In later years I was delighted to see him in church and enjoy a few moments of discussion and a handshake.

A truly wonderful person and it was my honor to know him. My condolences to his wife and family.
