“ I've only known Jean as Nana, and she's exactly what you would wish for. She's always so sweet and happy to see you when you see her. She's so funny and always has something yummy or candy to share. She gives awesome back and sholder massages. She has a beanie baby collection and she shared one with me just because she knew I loved it. The first time I saw snow was when I went with my Aunt to Pennsylvania for Thanksgiving with Nana, but she gave me one of her beanie hats so I would be warm. Some of my best memories are with her and I love and miss her and I hope one day I can be a loving fun Nana for my future grandchildren.

“ *I only met "Nan" a couple of times, but what a joy it was! My husband & I had the pleasure of being invited to her daughter Christine's home to have dinner. Jean shared with me that she was so happy that we came because it meant that she could have a cocktail. She had me laughing with stories of her life that were so interesting. I can only imagine how wonderful it would have been to know her better. My condolences to all of her family on the loss of a phenomenal lady. Rest in God's care Jean!*
