“ I was Jill and Penny's first grade teacher at Madison school. There were three sets of twins in that class. They were very good students and I have thought of them often through the years. Sincerely Gay Wright

“ I have good memories of Jill. We both lived on W. Maple and would meet on the corner of McKenzie and walk to high school. Spent some other time together....doing friend things. Sadly, lost contact with each after high school though. Sending peace and comfort to her family.

“ *Jill and I shared many times of joy and friendship. We spent years working closely at the facility sharing our warm, loving friendship. For years, we went out to dinner each month and continued to enjoy each other's company. She loved the Croswell and shared this opportunity for me to go with her to many of the plays. It was great fun. I will truly remember her as my very best friend whom I will sure miss. It has broken my heart to lose her so fast. I'm sending my love and support to the family and hope they can find some comfort in knowing that Jill's friendship warmed my heart and those of us who gathered together each month. May God Bless each of you in the coming months.*
