“ *Our thoughts and prayers are with all of you. Joy always have a smile on her face, and laugh to go with her sense of humor, and she deeply cared about others. She amazed me at the speed she used her calculator, to proof check my cost sheets. Never looking at her calculator and I never found her to make a mistake. She made sure that any paperwork turned in to the office was complete and in order, so any customer billing was correct. She truly enjoyed working in the family business. Thankfully we all have memories to recall the good times*
