“ *Bill and I were privileged to know Kathie and her dear mother, Rosa. I enjoyed working with Kathie as she shared her gifts of understanding and caring with those who had lost loved ones. She had a brilliant mind and lovely spirit in spite of her delicate health in her later years.*

We are sorry distance prevents us from attending the memorial service. Our thoughts and prayers are with family and friends.

“ *It is with deep sorrow that I offer my prayers and sympathies to Kathy's family. Kathy was one of my classmates at Adrian High School and we remained good friends through much of our early adulthood lives. She was loving, and generously kind to all who knew her. Kathy's sense of humor is one of the many things I admired about her. I will miss not seeing Kathy once again, and I will cherish my memories of her for as long as I live.*
