“ I gave birth to Kim Sept. 4, 1974. She was a soprano from birth. You could hear her singing as they brought her to my room for her feeding. That girl could sing!! She was a blessing to us. Lindy may of complained about her at times, but she loved her! She was a awesome big sister too. Marty and Kellie loved her so much. She would play with them and try to include them in what she was doing. Now I wont say she never got irritated by them, but I don't remember much. She was so smart, never gave us a problem, but Kellie said it was because she never got caught!! At one time in her teens she wanted to be a model. We took her to Toledo to meet with agents...now I think she could of done it, but, (did I say she was smart?) When she found out how much we would have to pay for the classes she said never mind! Smart girl!! She was always there if someone needed something, she always had time for her friend s and family. She had Zack at a young age, but she was an awesome mom. She loved him so much and still does. She brought Amber, Brooke & Dustin into our family while they were quite young. They were her kids from day 1, she gave birth to Noah & Brianna a few years later. She may not have given birth to all of them, but they were hers just like her naturally born kids. She loved all 6 of them so much. She was a hard worker, gave her all to every job. I think everywhere she worked she was loved. She deserved the love of all the people she touched!! Her dad and I loved her, and we were so proud of her. She was not only an awesome daughter, she was also my friend. We have been blessed to be able to claim Kim as ours. We all have a Kim size hole in my heart! I thank God for blessing us with Kimmy Kay!!

“ Dear precious Kimmie, you were always so loving. As my flower girl so sweet, and what a natural mother you always were. You sang a beautiful solo at your grandmother's funeral in 2014 and now you are singing with God's angels. No more pain and sorrow sweet girl. Your loving Aunt Mary Lou.

“ My sister is a huge part of who I am today. Being 6 years younger I always wanted to hang out with her, Amy, and Heidi. They were the coolest girls who ever existed, and the prettiest, ever, and had the most beautiful voices. Even though I was, as Heidi would say, a pit flea, Kimmy never made me feel like I was, she would always include me and the girls always made me feel like I mattered. Kimmy taught me to be kind and loving always. Thank you for being my sister!!!
