“ *The Roesch Family were real great friends to my older siblings. They all hung around over the years, so as a younger sibling of our family I could not name each one, but no matter when or where they see me to this day they always say Hi and even share a hug from time to time. Then in like 2007 I had a layoff from a job and took this Patient Care Class in Jackson and low and behold there was my generation of a Roesch in my class. It was the greatest thing. Prayers to the Family, Mary (Molly Gutierrez) Baker*

Thank you for always letting me play with your makeup, including the good makeup.  
Thank you for introducing me to macadamia nuts, kumquats, salt on green apples, MASH and Andy Griffith.

“ *Lori was such a sweet person. We were locker partners in 3rd grade at New McKinley School. One day on lunch break I bought a popsicle at Johnny's across the street from the school. Before I could unwrap it the the second bell rang to go back inside. Thinking like a 3rd grader I put the popsicle on the shelf of my locker hoping it would not be totally melted by the end of the day. Of course it was and it had melted all over her coat and not mine. She didn't get mad. She just smiled, said it was OK. I'll always remember what a nice person she was.*
