“ I had the pleasure of getting to know Nancy at LMCF. She would share her people magazines & other catalogs with me every week & we would always gossip about the celebrities we'd read about in those magazines. I also enjoyed playing Bingo with her frequently. Nancy & I also bonded over my home renovations, which she always asked me about & gave me wonderful ideas. She also taught me how to bring my flowers back to life. She had an infectious smile & laugh. I will miss her so much!
